Double Patenting

1. Claims 15, 26, 28, and 30 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 14, 25, 2, and 3, respectively. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k). The slight difference between claims 14 and 15 is the switching of the terms "base" and "body". This objection can be overcome by replacing "body" on line 6 of claim 15 with –base—and replacing "base" on line 7 of claim 15 with –body--.

Allowable Subject Matter

- 2. Claims 2, 3, 14, 16-25, 27, 29, and 31 are allowed.
- 3. The following is a statement of reasons for the indication of allowable subject matter: The primary reason for indicating allowable subject matter is the third complementary engaging means, as claimed, which is not found in the prior art of record.
